

5th Grade Book Report Mobile

Due: First day of school

The student will create a mobile to hang in the classroom. The mobile describes and depicts the book **Radio Fifth Grade by Gordon Korman**. The student will create various sturdy story related shapes from the story to hang from a base. The shapes may be suspended with string or yarn. The following information needs to be on the mobile: title, author, your name, the main character(s), and shapes that represent the beginning, middle, and end of the story. Each shape on the mobile must have a colorful illustration on one side and written information on the other. You may write in pen or type the information.
